Aquatic Abuse, Death and Homicidal Drowning Investigations

Tragic accident or homicide?

For all Dive Team members and Law enforcement personnel including: Detectives, Patrol Officers, Crime Scene Technicians, Canine SAR teams, Medical Examiners, Coroners, and Prosecutors.

Drowning is the second most common cause of accidental death to children and 3rd for adults.

Instructor: Andrea Zaferes
(recently featured on Dateline and the Discovery Channel)

What were you taught about Body-Found-In-Water Investigations?

- Is it a body dump or a drowning? State-of-the-art diagnostics of drowning
- What to photo and document on body & scene
- Bathtub, bucket, toilet, pool, & openwater incidents.
- SIDS or Homicidal Drowning?
- Preservation of possible water crime scene
- What happens to submerged bodies and evidence?
- Submerged evidence recovery / processing (DNA, weapons, fabrics, pollen etc.).
- Was it not there, or did the dive team miss it?- How to tell the difference
- Indications of homicides by drowning.
- Autoerotic aquatic asphyxia and Aquatic Sexual Sadism
- Aquatic child abuse

Zaferes is a noted speaker at Forensic/Rescue Conferences worldwide, has published several books in the PSD field and consults on homicidal drowning cases across the U.S. & Canada.

Past diving honors include; DAN Rolex Award, Beneath the Sea Diver of the Year Award, Women Divers Hall of Fame & much more.

Learn what information to collect on every drowning or body-found-in-water scene.

This program will change the way you look at and manage water-related incidents.

**This is a program
you cannot afford to
miss!!**
