

REAL LIFE TRAINING FOR REAL LIFE OPERATIONS - LIFEGUARD SYSTEMS

Over 90% of PSD (Public Safety Diving) fatalities occur because teams are using sport diving or recreational technical procedures and equipment. Unlike any other type of fire or law enforcement teams, dive teams routinely use recreational stores for training and gear. In later stages, dive teams may be trained by sport instructors designated as “public safety” instructors just because they are on a dive team. It is time to learn the safest and most effective public safety diving procedures available today.

This is the most advanced Moving Water course in the country.

Past students have stated that this course is one of the “Best three courses that Lifeguard Systems teaches”.

We have the highest standards in the industry to make sure you can GO HOME when the job is done.

Moving Water Search & Rescue/Recovery

This 3 1/2 day course will make you safer and more effective - or you don't pay!

Some of the topics covered:

- ◆ Common safety mistakes teams make.
- ◆ Boat anchoring for rescue ops.
- ◆ What should be in SOP/SOG to protect safety and liability of team members and department.
- ◆ Who makes the decision as to when to go from rescue to recovery.
- ◆ Anchoring to make a boat into an “island”.
- ◆ How to decrease entanglement risks.
- ◆ Dealing with debris— surface & sub-surface.
- ◆ Underwater panicked diver management.
- ◆ Accident prevention tending skills.
- ◆ Excellent tender-diver gear checks.
- ◆ How and where to stage the backup diver and 90% ready diver
- ◆ Basic boat safety.
- ◆ Scene management for the real world.
- ◆ Doing a proper search in a current (water with physical force).
- ◆ How to properly use a GPS for multi day ops without missing any portion of the bottom.
- ◆ Safely use a body bag in current to recover long term submerged bodies.
- ◆ Witness interviewing skills.
- ◆ Make go/no-go decisions with a practiced plan.
- ◆ Keeping up team morale.
- ◆ Answers to your questions and solutions for your needs.

Course prerequisite:

Divers: Rapid Deployment SAR/R Diver
Tenders: RDSAR/R Tender

Meets OSHA standards
